Ask today about the Ibstock Colour™ collection

With a choice of seven vibrant gloss colours, the colour™ collection of glazed brick is a major breakthrough in service, offering quick delivery and superb value for money.

The use of real ceramic glazed bricks is a practical option to add stunning highlights to your projects.

the brick range for Ireland

Ibstock Brick is the leading UK manufacturer of clay facing bricks, **able to supply** every brick type available on the market today.

In association with Chadwicks builders merchants, you can now obtain the Ibstock bricks you require directly from stock at branches located throughout the Republic of Ireland. Ibstock Brick also provides a comprehensive sales service based in the Republic, including brick matching and technical advice. Many products are available in Imperial sizes to match existing brickwork and are marked with the **◆** symbol.

A wide variety of housing, repair/maintenance and commercial projects have been successfully completed in the Republic in recent years. Many of these have benefited further from the inclusion of Ibstock special shaped brick detailing to further enhance the appeal of the completed building.

a sustainable future

Sustainability is a very complicated subject; many people think solely about energy consumption by industry for manufacturing, but this is **only a small part** of the overall picture. Government's strategy approaches sustainability using four principle indicators.

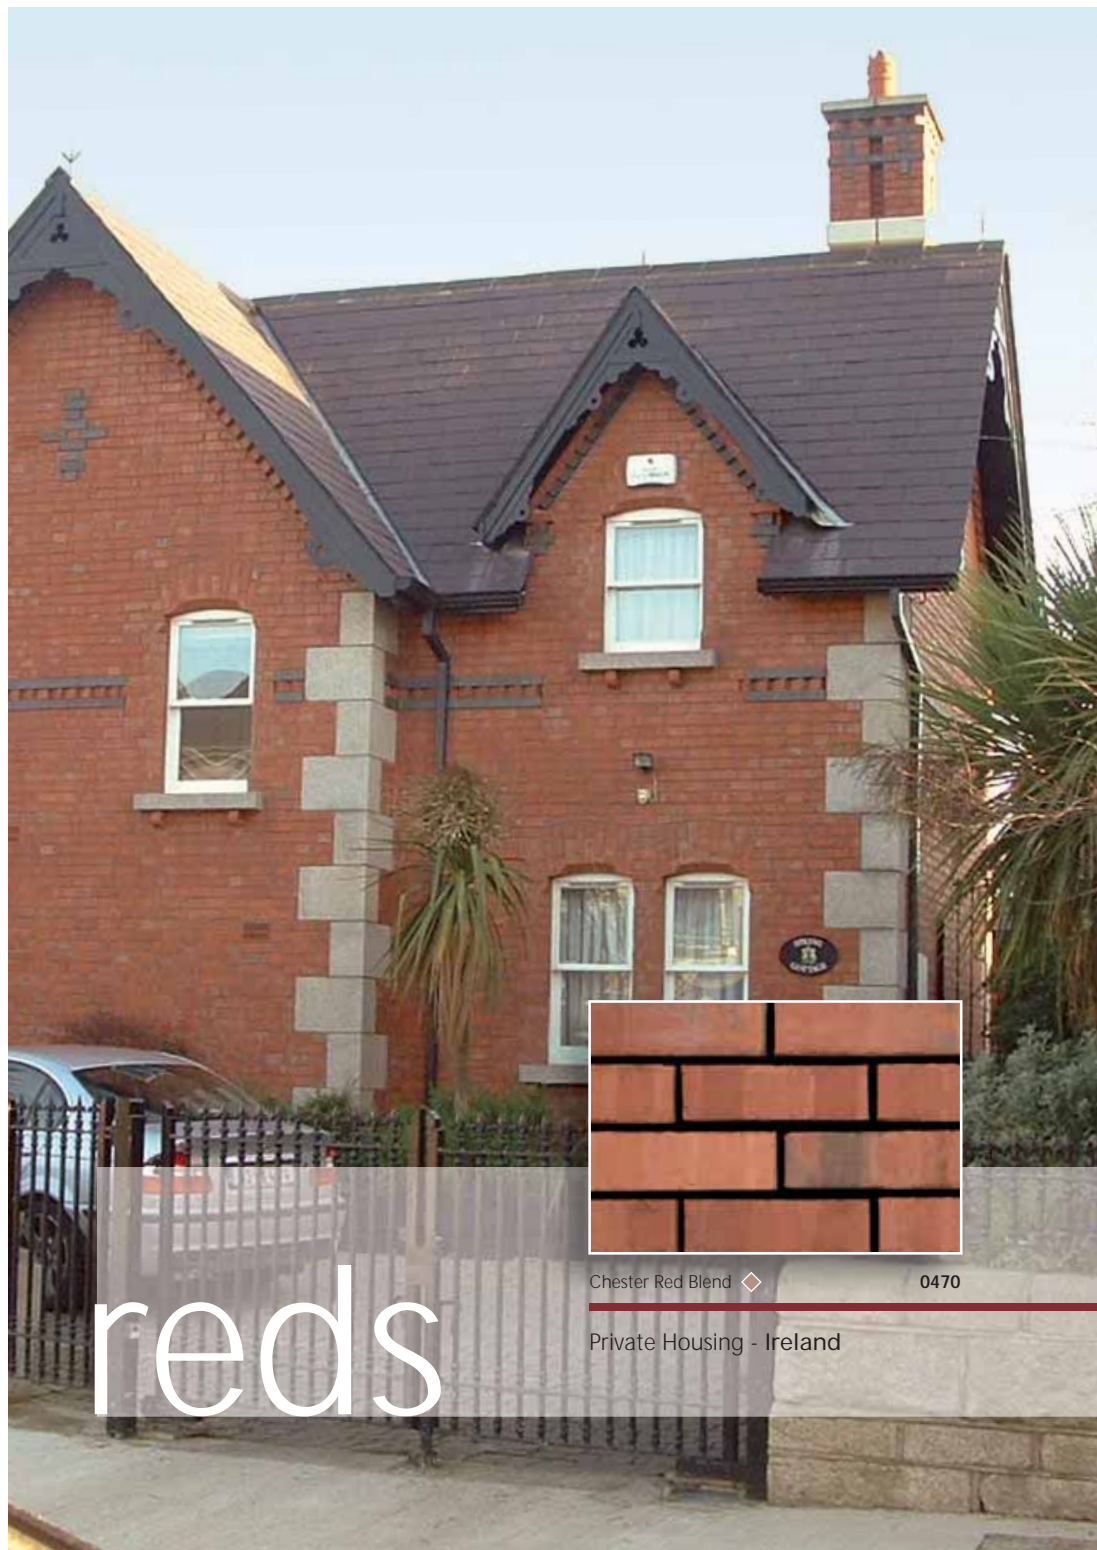

- Social progress that meets the needs of everyone
- Protection of the environment
- Prudent use of natural resources
- Maintenance of stable economic growth

Our policy of investment in high efficiency/ low carbon technologies ensures that Ibstock Brick addresses all four indicators.

The **Irish Range** on the following pages has been specially selected by **Ibstock Brick** to meet every need.

- 04** red bricks
- 10** buff bricks
- 15** blue & grey bricks
- 16** everyday range of special shapes
- 18** technical specifications
